

College of Natural Sciences  
and Mathematics  

---

UNIVERSITY OF HOUSTON

Dear Phi,

Congratulations! You have been named to the College of Natural Sciences and Mathematics [Dean's Distinguished Scholars List](#) for the Fall 2024 term.

To be placed on this list, students must meet the requirements of the Dean's List (complete at least 12 credit hours with posted letter grades [excludes S grades] with a term GPA of 3.5 or higher) and have both a term and cumulative GPA of 3.75.

Being named to the Dean's Distinguished Scholars list recognizes your exceptional academic achievements and places you among the top undergraduate scholars in NSM and at UH. While this distinction will not appear on your official University transcript, your transcript will reflect that you made the Dean's List, and your name\* is listed on the [Dean's Distinguished Scholars List](#) page of the NSM website.

This is a high mark of distinction, and you should be very proud of this accomplishment. You are setting the pace academically through your example, and I encourage you to help build a culture of scholarship and community in NSM through service to incoming students and your peers. One way to build a culture of community and to gain a sense of belonging is by joining the NSM Student Leadership program or participating in their various scientific and cultural events throughout the semester. You can learn more details by visiting the [Student Leadership webpage](#).

Again, congratulations on earning a place on the Dean's Distinguished Scholars List for the Fall 2024 term. We are proud of you and wish you continued success on your academic journey.

Best wishes for your continued success.

Sincerely, and Go Coogs,

Dan E. Wells, Ph.D.

Dean, College of Natural Sciences & Mathematics
